TESTIMONIAL

"I presume that IALS is the only institution which is providing a diploma in Housing Laws in the entire country. I must appreciate that the diploma was as extensive as the word 'housing'. Not only did it deal with Real Estate as a subject, but also laid a secure foundation on the aspects of revenue, transfer inter vivos, transfer by law and contract. The subjects and topics covered in the diploma were perfectly crafted and designed to give the word 'housing' an exhaustive approach. The proficiency, experience and knowledge of the resource persons are to be applauded. In view of the Pandemic and a state of disarray, the IALS has delivered even better than expected with minimal technical difficulties and maximum administrative support. The best part of this diploma has been the simplicity it has maintained."
