STARTUP LEGAL ESSENTIALS

A Certificate Programme
On Legal Framework For
Start-Ups

ABOUT THE COURSE

India is a home to thousands of start-ups and businesses bringing cutting edge technologies and creating wealth for the founders and team.

It is crucial for founders, entrepreneurs, innovators, and workers to be familiar with the practical and legal perspectives of start-ups in this fast-paced start-up environment. Anyone who is preparing to work on their start-up concept, as well as those who have already begun and need to expand or scale up their start-ups, can benefit from taking this programme.

This programme provides a comprehensive overview of the real-world needs of modern enterprises. You will grasp how to set up a firm or a start-up, compliance requirements under various laws, numerous contracts and issues linked to intellectual property, taxation and transaction related factors at the conclusion of this course. Additionally, the Start-up India programme of the Indian government is covered in this programme. Although this programme provides a quick overview of the fundamental needs of start-ups, it does not address concerns specific to any particular industry.

AUDIENCE

The programme is designed for entrepreneurs, professionals who are assisting the start-ups and founders to sharpen their existing legal knowledge.

WEEKENDS AND HYBRID MODE

The first session would be physically conducted at ILS Law College Campus, Pune and outstation participants have an option to attend this session virtually. Balance 6 sessions of 2 hours each would be conducted online.
