ABHIVYAKTI
YEAR BOOK 2020-21

ILS Law College, Pune

PRINCIPAL'S MESSAGE

Dear Students,

I am glad to present the Abhivyakti Yearbook, annual report for the year 2020-21. It portrays all the activities of the college, taking a bird's eye view of our accomplishments and the challenges faced by us in a truly difficult year. The academic year commenced during the first wave of Covid-19 and ended during the second wave. We made the best possible efforts to adapt the ecosystem of the college to a radically unknown problem by conducting the curriculum and allied activities of the college online.

Though conducting classes in an online mode was quite a task for faculty, we tried our best to deliver to our potential and render every possible assistance to the students to be attentive in the classes. The same is testified by the good performance of our students on the academic, co-curricular, and extra-curricular fronts. We made every possible attempt to ensure the participation of students in different competitions and activities at intra and inter-collegiate levels. Our own intra-college competitions were also held in online mode and saw enthusiastic participation from the students. The college was also sensitive to the mental health care needs of the students during these critical times.

This year was nostalgic for the College as we commemorated the birth centenary of former Chief Justice of India, Late Justice Y.V. Chandrachud, who was also a former president of the Indian Law Society. We were privileged by the presence of Honorable Justice Dr. Dhananjay Chandrachud, Supreme Court of India (as he then was) on this occasion as the guest of honor. He mesmerized the audience with his eloquent address. Honorable Former Justice R.F. Nariman presided over this memorable function.

Another highlight of this year was, "It Can be Done!: Three-Day International Summit on Legal Professionals with Disabilities" organized by Equal opportunity cum enabling cell ILS law college, Law College Pune in collaboration with Oxford Human Rights Hub, Harvard Law School Project on Disability and the Centre for Disability Studies, University of Leeds. The event witnessed presentations from Disabled Jurists people from around the world. Deliberating on challenges faced by them in their career paths. This year college started hosting TEDxILS, an independently hosted TED event, on the theme 'It's time'.

The year had its highs and lows. The ILS deeply mourns the sad demise of our former Vice Principal and former Vice President of Indian Law Society, Mrs. K.D. Advani, and our former Registrar, Mr. A.K. Sathe, whose immense contributions to the legacy of ILS Law College shall be remembered with gratitude and fondness.

I take this opportunity to thank all faculty members, staff, and students for their cooperation and support throughout the academic year. I wish them all the best for their future.

Thank you!

Dr. Sanjay Jain,
Professor,
Additional Charge, Principal.

EDITORIAL BOARD'S MESSAGE

The last two academic years have been nothing less than a whirlwind. From attending classes online to participating in various competitions virtually, our life was limited to the four corners of our screens. But we marched on, didn't we? We learnt, we adapted, and we conquered our limitations. Abhivyakti Yearbook is a record of what we achieved in adversity.

Academically, the students of ILS have excelled in the examinations which were conducted online by Savitribai Pune University. Students represented ILS in National as well as International Moots. Even though the mode of these competitions was primarily online, the performance of ILS at Advocacy Skills Competitions like client counselling competitions, national mediation competitions, and many more remained unaffected.

The online certificate course Vidhishilpakar, conducted online, had a theme of "What? How? and Why? of Learning the Law". It laid the legal foundation for the students in understanding law in relation to Political Science, Social Sciences, etc.

The Three-Day International Summit on Legal Professionals with Disabilities was conducted online. It was organised in collaboration with Oxford Human Rights Hub, Harvard Law School Project on Disability and Centre for Disability Studies, University of Leeds, UK. Held on world disability day, the summit was aimed to inspire people with disabilities with an interest in law. We took the opportunity to pay tribute to Late Justice Y.V. Chandrachud, former alumnus and former President of Indian Law Society, on his centenary birth anniversary, and a vital part of the ILS Legacy.

This year due to pandemic, the Alumni Meet of 2020-2021 was organised virtually and simultaneously streamed on YouTube channel of ILS and Facebook page

We would like to express our utmost gratitude to Ms. Vaijayanti Joshi, Director - Academics and Administration, Dr. Sanjay Jain, Principal In charge, and Dr. Deepa Paturkar and Dr. Santosh Jaybhay, Vice Principals, for providing us with such an enriching environment where every student could prosper and hone their skills. In the background of an ongoing pandemic, the faculty and students of ILS did their very best to honour the vision and mission of ILS Law College.

We take immense pleasure in presenting to you the record of these achievements- Abhivyakti Yearbook 2020-2021!

An electronic surveillance system is available in the library to prevent theft and mutilation of books.

User Tracking System:

User Tracking Systems is incorporated with Library Management System, (Kiosk) for recording users' (faculty and students) visits to the library. It will help generate reports daily, weekly, and monthly.

Upgradation and New Procurement of IT Infrastructure:

1. KIOSK - Library Management System:

The system is provided under the Savitribai Phule Pune University Grant and purchased from Techwheel Solutions, Pune and installed at the entrance of the library. The software contains important resources including photographs of college premises, which will help students to navigate through the campus. Users can search books, journals, and other library materials on this system using OPAC (Online Public Access Catalogue). It is useful for saving the time of users and library staff. Users can search the documents author-wise, title-wise, keyword wise etc.

2. SOPHOS – Firewall:

Sophos – Firewall system was procured for ensures overall cyber security of the campus network and also regulates the use of internet.

3. Library Server:

The library server required upgradation for smooth function of the Web OPAC module of SLIM21 software. Therefore, a new library server (Lenovo ST50) was procured from Primus Techsystems.

4. IMB- Domain Server:

The library has procured a high-end domain server with a high-end computer with heavy configuration. They are designed to run continuously "ON" for days and months -

24x7x365 days. It is installed with Microsoft Server operating system to control data security, and the rights of the user to keep data on the server. It can handle data of even 100 computers. All the users who are connected to the server can store their data on the server which is fully secured by the rights given. Firewall and antivirus are already installed on the server to protect the data. And once you take backup of the server all data of all users connected to the server is taken care of in one go. Data of one user cannot be seen or edited or deleted or altered by another user if there are no rights issued to him or her. Every user of this server has specific rights to access the data stored.

This server has two hard disks; one hard disk is actually storing the data, while another is a mirror of the first hard disk. It immediately generates the image of the hard disk in operation. If one hard disk fails, the mirror image is available, and if the mirroring hard disk fails then the original is available, this is how the data is highly secured on such servers. On top of all such servers are connected to a very sophisticated UPS – which is called online UPS. So, power failure also is ruled out. It is always safe to store data on servers collectively.

5. Computers and Laptops:

38 laptops and 14 desktops were procured for the use of faculty by the college during the lockdown period.

Procurement of Furniture: The college has procured library 35 bookcases and 10 steel racks for proper arrangement of books and bound volumes.

MENTOR MENTEE SYSTEM

Coordinator: Mr. Ashish Pawar, Assistant Professor

Mentor Mentee System at ILS Law College is created to cater to the need of addressing Academic and Stress Related issues of the students. Although each teacher interacts with students every day in various capacities and mentors them in some way, a formal platform like Mentor Mentee System ensures that the mentoring becomes robust and students have a 'go to' person in case of any problems.

Mentors interact with students (Mentees) through formal meetings arranged twice in a semester and one to one on need basis. Students are given a patient hearing and their issues are resolved. The important issues discussed in the meetings in the AY 2020-21 have almost all been regarding online teaching and evaluation and the uncertainties brought about by COVID-19 Lockdown.

Migrating to online platform and facing network issues was raised in most of the meetings. Loss of lectures and attendance was one of the biggest concerns of the students. Mentors helped them by giving various case-wise solutions. SPPU had relaxed attendance policy which came as relief for the students.

Another major concern was availability of teaching resources and mode and format of evaluation. Mentors, time and again, guided students by helping them access online teaching resources through online databases of the library. Mentees were constantly guided on evaluation patterns by keeping them updated with latest changes.

A lot of students shared their distress due to lockdown and wished the offline teaching starts soon. Mentors gave everyone a patient hearing and counselling. In case of serious mental health issues, Mentees were guided to take professional help, as is the policy of the System.

Following was the Mentor-Mentee allocation for AY 2020-21

c) Criminal Law Reforms Project

The Criminal Law Cell commenced a reforms project in the month of September, 2020. A total of 36 students divided into 8 teams started working towards the completion of project. The aim of the project is to conduct thorough research on all provisions of Indian Penal Code to find out and analyse scope of reforms in such provisions. The project is being conducted for the purposes of formulating recommendations in criminal laws and to forward the same to the Ministry of Home Affairs, Government of India for their consideration on the same while issuing amendments in these laws.

Every team has been allotted two areas of research containing different range of the provisions in various chapters and sub-chapters. The students are firstly looking into existing recommendations through law commission reports, and other committee reports. Thereafter, judgements of various courts are analysed to recognise pragmatic issues under provisions of the Penal Code. Thereafter the teams are extending the scope with comparative research on similar provisions of other countries. In the process, the teams are preparing research drafts of the allotted areas and chapters. At present, research drafts on 50% of the Penal Code has been completed and duly submitted to the government, and the remaining 50% is in progress.
