# PRINCIPAL'S MESSAGE

Dear Faculty Members and Students,

It gives me a great pleasure and I am extremely jubilant to present the annual volume of Abhivyakti Yearbook for your consumption.

The Yearbook is a saga of contribution of faculty and students to the curricular, co-curricular and extra-curricular activities of the College.

Like every year this year too, the College has passed the muster of ranking platforms like India Today, The Week and Global Human Resource Development Centre with great deal of success by securing ranks amongst top 10 law schools.

The peer team of the National Assessment and Accreditation Council, an autonomous body of the University Grants Commission, visited the ILS Law College on 21-22nd July 2019, and the College has been awarded 'A' grade for the period 2019-2024. As a follow-up of this visit, we are carefully planning our further academic pursuit in light of the recommendations made by the NAAC peer team.

The ILS deeply mourns the sad demise of our teacher Shri S.T. Pandit, who taught and shaped lives of hundreds of students. We pay our respectful homage to the departed soul and will always cherish their fond memories.

I congratulate and very graciously thank all the colleagues of the teaching and non-teaching staff for their continuous and zealous cooperation throughout the academic year.

I wish you all Best of Luck!

Thank you,

Dr. Sanjay Jain  
Associate Professor  
Additional Charge, Principal

## EDITORIAL BOARD'S MESSAGE

3

The Academic Year 2019-2020 has been challenging. Adapting to and overcoming these challenges would not have been possible without the hard work, dedication, and support exhibited by this institution as a whole.

The academic year progressed with the usual streak of brilliance displayed by the students in co-curricular and extracurricular activities. Abhivyakti applauds these efforts and encourages them to keep reaching new heights. Academically, the college has continued to perform well with the students securing University Ranks in their examinations.

This year saw the Legal Ease team organising our cultural festival that was grander and more exciting than ever. Many more creative and memorable events were conducted, making it an unforgettable experience! Our very own sports festival Kreedangan witnessed participation from several colleges from all over the country.

Several conferences and seminars were conducted throughout the year on varied social and legal topics. The 14th edition of Remembering Prof. S.P. Sathe Conference was an international event this year on contemporary trends in comparative Public Law. Illustrious individuals like Justice J. Chelameswar, Mr. Arvind Datar, Mr. Arvind Narrain, Dr. Shreya Atrey, Mr. Sharath Chandran, Prof. Paul Craig and several others contributed in providing insights on niche areas in Public Law.

This year witnessed the NAAC Reaccreditation process with the NAAC Peer Team visiting the college in July 2019. NAAC Reaccredited ILS Law College by 'A' Grade with 3.24 CGPA for a period of 5 years upto 8th August, 2024.

With a heavy heart, we bid farewell to Ms. Vaijayanti Joshi who retired as Principal after 26 years of illustrious leadership. To honour her selfless contribution to the growth of this institute, events were conducted by the teaching, non-teaching staff and on 3rd February, 2020, a farewell was also organised.

With the COVID-19 Pandemic affecting the whole world, our college took to reconciling the process of teaching and learning virtually and this was only possible with the combined efforts of teachers, administrative staff and students. Lectures, activities of cells and centres, practice moot court sessions, competitions were all conducted virtually over Google Meet so that students' education would face minimal disruptions.

The Editorial Board wishes to express its gratitude to Ms. Vaijayanti Joshi and Principal Dr. Sanjay Jain for their support and guidance in the making of the Year Book. We heartily thank Shree J Printers for all their efforts in designing and bringing the Year Book to life!

We present to you the Abhivyakti Year Book 2019- 20 and hope you enjoy witnessing our college's journey through this academic year!

## **REACCREDITATION BY NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL**

### **ASSESSMENT PERIOD : 2013-2018**

Internal Quality Assurance Cell of ILS Law College completed second cycle of assessment and reaccreditation by National Assessment and Accreditation Council (NAAC) in the year 2019-20. The assessment process was carried out in three stages i.e. submission of Self Study Report (SSR), Student Satisfaction Survey and the Peer Team Visit. First two stages i.e. submission of Self Study Report (SSR) and Student Satisfaction Survey were completed in online mode. The entire reaccreditation process involved assessment on the basis of both - qualitative (relevance and excellence of academic programs offered) and quantitative (increased access) parameters designed by NAAC for accreditation of higher education institutions.

### **Assessment Criteria**

These quantitative and qualitative parameters were divided in seven criteria providing a base for assessment. These criteria are:-

- I. Curricular Aspects
- II. Teaching-Learning and Evaluation
- III. Research, Innovations and Extension
- IV. Infrastructure and Learning Resources
- V. Student Support and Progression
- VI. Governance, Leadership and Management
- VII. Institutional Values and Best Practices

### **Submission of Self Study Report (SSR)**

The SSR is divided in above mentioned seven criteria and consisted of 34 key indicators, 38 qualitative metrics and 99 quantitative metrics. Qualitative metrics (30% weightage) required descriptive responses and quantitative metrics (70% weightage) required quantifiable facts and figures as data.

After careful study of NAAC Manual, SSR was prepared. Before submission of SSR, Institutional Information for Quality Assessment (IIQA) was submitted to NAAC along with all necessary and prescribed documents. After approval of IIQA, the link for SSR submission was made available to HEI portal. Submission of SSR was followed by data verification and validation (DVV). ILS submitted SSR and DVV clarification within scheduled time.

Members of steering committee for preparation of SSR were as follows:-

IQAC Chairperson	Principal Vaijayanti Joshi
IQAC Coordinators	Dr. Tejaswini Malegaonkar and Dr. Suvarna S. Nilakh
Criterion I	Dr. Suvarna S. Nilakh and Ms. Rajlaxmi Joshi

## MENTOR MENTEE SYSTEM

In the academic year 2019-20 Mentor Mentee System was implemented for all the years of BA. LL.B., LL.B., and LL.M. programs.

A faculty member each was assigned to each division. Like last year, an effort was made to allocate Mentors to the classes that are taught by them for at least a semester, so the students are familiar with their Mentor.

Outline of Responsibilities:

- To conduct regular interaction with Mentees to identify and address the academic and stress related issues
- To guide the Mentees to appropriate authority or professional to address any grave issues
- To keep a track of the attendance record of Mentees and counsel the defaulters

### Implementation:

Mentors took at least one common meeting in each semester and then afterwards engaged in one to one interaction with mentees on a need basis, throughout the year. An Online Mentor Mentee Session was conducted by each Mentor post the Lockdown due to Covid-19. Each Mentor maintains a file of the details of meetings conducted throughout the academic year.

Mentor Mentee system has proven an effective bridge between students and various grievance redressal mechanisms of the institution. Through their common meetings and one to one interactions Mentors come to know about various grievances students have and directed them to appropriate grievance redressal mechanisms in place. Such grievances range from administrative issues to academic and examination related issues. It works as a feedback mechanism through which the institution can constantly improve its performance. One of the instances this year was fine tuning of the schedule of oral component of Internal Assessment based on the feedback received by the Mentors.

Mentor Mentee system provides a reliable platform for students to share personal issues, academic as well as stress related, with their Mentors and get expert counseling. A number of students benefited from this system. Strict professional confidentiality was maintained while counseling the students.

**About ILS Legal Aid Centre**

ILS Law College, Pune spearheaded the movement of establishing a Legal Aid Centre in law colleges. This is evident by the fact that ILS Legal Aid Centre was established as early in the year 1976 to impart Clinical Legal Education to the students and social-legal services to the needy and poor segments of the community. The Centre is actively involved in providing a background for collaboration with the various stakeholders, namely, the students, academicians, community leaders, schools, colleges and the village panchayats. This has been achieved through the organization of Legal Aid and Legal Literacy camps across different districts of Pune in schools, colleges and villages. The Centre is also instrumental in providing free legal advice and services to those in need.

This year the Legal Aid Centre received overwhelming response from the students of College. In the beginning of the year itself around 400 students registered themselves to be a part of the Centre. Consequently, the students were divided into groups of 15-18 depending on the year in which they study and each such group was allotted to a faculty member. This not only brought about organizational simplicity but also provided greater cooperation and accountability among the faculty members and students.

The Legal Aid Centre has added many feathers to its cap since its inception and this year was no exception. It is evident from the detailed report of the achievements and activities mentioned below.

**Achievements****1. Recognition by State Legal Services Authority**

The contribution of ILS Legal Aid Centre in socio-legal issues is recognized by Maharashtra State Legal Services Authority, Mumbai in July 2019. As a part of this recognition, ILS Legal Aid Centre received a grant of Rs. 2,06,000/- from Maharashtra State Legal Services Authority, Mumbai for carrying out various activities.

Narmada Bachao Andolan (NBA) is an Indian social movement headed by native tribals (adivasis), farmers, environmentalists and human rights activists against a number of large dam projects across river Narmada which flows through the state of Gujarat, Madhya Pradesh and Maharashtra.

After Indian independence in 1947, under a newly formed government, investigations were carried out to evaluate mechanisms for using water of Narmada River. The Narmada Water Dispute Tribunal was created. The Narmada Tribunal aimed to set out conditions regarding the resettlement and rehabilitation of those displaced by the dam. The people who were going to be affected by the construction of the dam were given no information but only the offers of rehabilitation. Villagers and adivasis weren't consulted and weren't asked for feedback on the arrangement that had taken place. Through Medhatai Patkar channel of communication between the government and residents was opened and she provided critique to the project authority and the government involved. At the same time, it was realized that all those displaced were not given compensation for displacement and rehabilitation.

Medhatai Patkar organized a 36-day solidarity march along the neighbouring state of Narmada valley from M.P to the Sardar Sarovar dam site. She said that the march was “a path of symbolizing the long path of struggle” that they really had. Using rights of fasting, she undertook 22 day fast which almost took her life. Medha Patkar's action did force the World Bank to set up the More commission, an independent review of the project. The World Bank participation in this project was cancelled in 1993. The sardar sarovar dam construction began again in 1999 and was declared finished in 2006. Since construction in 2017 its height has been increased from 138 to 163 meters. Narmada Bachao Andolan (NBA) was also joined by several NGO, with local people, professionals, and activists. NBA's slogans include “Vikas Chahiye Vinash Nahi!”, “Koi Nahi Hatenga, Bandh Nahi Banenga!”

The Supreme Court ruled in favor of Narmada Bachao Andolan affecting an immediate stopping of work at the dam and directing the concerned state to complete the rehabilitation and resettlement process.

While the non-violent struggle of NBA and its head Medhatai Patkar is still ongoing with help of satyagraha and legal suits. ILS Law College being a responsible and socially active institution sent a team of students to work with NBA through its Legal Aid Centre. These students were working with the NBA as interns, for which they were made well versed with the issues on which the NBA is working and were physically and mentally trained for it. This team of 12 students was divided into further groups according to the work allotted by the NBA team. Students worked mainly on issues such as Rehabilitation and Resettlement of the villagers who have been affected due to the development program.

Many of the families who haven't got proper compensation or land for the loss caused were interviewed and a survey was done in those villages that are facing adverse consequences of the development project. These surveys will be used for the ongoing legal proceedings of Narmada Valley in various courts including the Supreme Court. Not only were the environmental but social and economic balances also taken into consideration in these surveys. Students also dealt with the issues of Jeevanshala, schools run by NBA in the affected villages. These schools are also facing problems of fund collection, construction of building/infrastructure etc. Another prominent issue in Narmada Valley is illegal sand mining, against which the ILS team contributed with their legal knowledge and efforts. In the last three days of internship these students also helped NBA in organization and execution of Yuva Samvad, a program held by NBA at various places which provides youth with a platform to discuss about the social, political, economic, educational etc issues. The ILS team actively participated in this program.

In this way ILS Legal Aid Centre helped the NBA and joined hands with their struggle. Medhatai Patkar and her team were satisfied to see the enthusiasm and efforts of the ILS students and appreciated their contribution.

## **3. Internship at Tadamon -The Multicultural and Refugee Council, Egypt**

**Duration: 6th December 2019 to 8th January 2020**

**Venue: Tadamon-The Egyptian Refugee Multicultural Council, Cairo, Egypt**

**Student Volunteers: Aaditya Waghmare (V BALLB), Shubham Gurav, Bodhi Ramteke, Beverly Dsouza, Prerna Sangle (al IV BALLB), Sanjot Shirsath (III BALLB) and Khushboo Tibrewal (II LLB)**

**Faculty Coordinators: - Dr. Suvarna S Nilakh and Ms. Divya Mittal**

### **Report**

About Tadamon: Tadamon is an independent, non-political network of civil society organizations working to promote the welfare of refugees and their mutual co-existence with Egyptians through networking and coordination of cooperative efforts. Tadamon was first launched in December 2006, with its headquarters situated in Cairo, Egypt.

### **Background**

Tadamon was formed to address the problem of conflict between refugee communities and the poor Egyptians communities with whom they live side-by-side. Cairo has one

of the largest urban refugee populations in the world who are spread across the city, residing in the most deprived and marginalized neighborhoods, leading to fierce competition for resources between them and their Egyptian neighbors. Mutual suspicion, and often desperation, has exacerbated problems of racism and led to extremely acrimonious relations between competing nationalities.

Tadamon has spearheaded a number of initiatives in Cairo to actively work to diffuse these tensions and foster community between refugees, asylum seekers, and migrants, and Egyptians in Cairo. Tadamon recognizes that Egyptian and migrant communities in certain neighborhoods in Cairo compete for the same scarce resources and that many nonprofits and community organizations exclusively target the refugee or Egyptian population, an approach which Tadamon recognizes only exacerbates existing problems and strife. Tadamon counteracts this approach by curating programs, workshops, development practices, and training to encourage and promote coexistence and solidarity among and within these communities while also working to alleviate poverty among them.

### **Internship Description and Experience**

The role of students at Tadamon was to organize various activities against Gender-Based violence which included a 5 days' campaign; helping in the interaction with refugees and an Event called 'Malazy-My Peaceful Space', which allows women to share and express their talent.

The maximum responsibility of organizing the campaign was on the students; they were given the liberty for the same to come up with suggestions and ideas to make the campaign as interactive and creative as they can. All the needed material was provided by Tadamon for the interns.

During the overall internship, the students got an opportunity to interact and get trained under the UN Personnel on how to interact with the refugees, understanding their psychological and mental state and the precautions to be taken. The students got acquainted with the working of an NGO on a global level. They got a practical insight on how to interact with the refugees. Having taken a few interviews with the clients helped the students learn the ongoing refugee crisis and what measures are being taken on the international, national and regional level. The working of the United Nation at regional levels was also known to them. They got a chance to live and experience the Egyptian Culture. Having met with numerous folks they could learn about different cultures the other countries preach; what they know about our country, etc.

While the students had an amazing experience working with the NGO, the duration of one month isn't sufficient to get oneself acquainted with the situation of the refugees. In conclusion, the experience of working with NGO did bring a change in the attitude, perspective and vision of students towards society and humanity.

**Faculty Coordinators: - Dr. Suvarna S Nilakh and Ms. Divya Mittal**

##### **Report**

This internship monitored by ILS Legal Aid Centre aimed to study socio-legal issues of the tribal villages of Narmada valley under the guidance of Narmada Bachao Andolan, a social movement that arose in response to the building of Sardar Sarovar Project on the Narmada River.

The project which has displaced 41000 families and has imposed stunning environmental costs without reaping the promised benefits of modernization has been the source of constant controversy. Narmada valley development plan which involves the construction of 3000 small dams, 135 medium sized and 30 big dams collectively

known as "Narmada Valley Development projects" - a systematic plan for the death of one of India's largest and most celebrated rivers. Part of this project is Sardar Sarovar Dam, a brainchild of Jawaharlal Nehru which was laid down in 1961 and is the world's second largest dam, with a 214km reservoir. The dam pushed 40000 hectares of human settlement in submergence, including 13,835 hectares of forest land. A total of 192 villages and one city consisting of 41000 families of Maharashtra, Gujarat and Madhya Pradesh are to be displaced in the process.

Various issues relating to this project were largely debated by the state parties and finally the Narmada Water Dispute Tribunal (NWDT) was set up in order to adjudicate the various issues of funding, beneficiaries and rehabilitation. The award was passed in 1979, giving clear guidelines for the entire project including Rehabilitation and Resettlement. Although in due course of implementation, this award was grossly violated and disregarded, its guidelines are still applicable for the state governments. The project lacked implementation with respect to rehabilitation and resettlement to a great extent.

With the beginning of the project, its shortcomings started surfacing and the struggle sprouted out in the valley. This struggle gained the face and spirit in the form of Medhatai Patkar. "Sangrash hi jeevan hai" became the motto of the people.

The World Bank was forced to review and ultimately withdraw its sanctions for the project. An expert team sent by the World Bank reached the conclusion that the project severely lacked planning and should be discontinued. Ignoring all the relevant facts and data, the government took the decision of continuing the project using its own funds.

### **Students' Experience**

When a group of 11 students from ILS Law College, Pune interned with the movement they got to study socio-legal aspects of the current situations. Students were involved in fact finding and surveys and analysing the current scenario of submergence in Barwani, Alirajpur, Dhar and Khargone Districts in the State of Madhya Pradesh.

Though the people were informed that the water level will be increased in the month of October, whereas it took place one month before i.e. in September 2019 itself.

As the land and houses were under the submergence, temporary housing setup was made available in a tin shed with tiny rooms barely measuring 10×10ft. They were constructed for each family regardless of the number of members in the family. Additionally a total of 7 toilets and 4 hand pumps for water supply were set up for almost 120 families.

Students were given an orientation on the socio-legal issues which were dealt by the Narmada Bachao Andolan. Students visited Pichodi village, mostly inhabited by tribal people, along with Medhatai Patkar on the first day of internship. Pichodi village is divided and resettled into 4 different villages and in tin sheds. Villagers welcomed the students with great hospitality even in their critical situations. Two mottos of the villagers are "Saath ladengey sath jeetengey" and "jindabad". Because of submergence and alternate accommodation, villagers have to travel about 10-12 km to reach to their farms instead of earlier 1-2 km travel. They had no means of transportation which was a great barrier to reach at their farm.

Then students visited Avalda village in a similar situation with the main concern about the defective pipelines and water supply through hand pumps. Further students got an opportunity to visit Patinaka tin sheds which is the biggest tin shed colony of all of them. Students divided themselves in teams of four and carried out their survey and research on the given topics.

Students observed that most of the families, who had around 50 to 100 animals, have sold out their animals due to lack of fodder and increasing death rate of animals. As per Supreme Court judgement people were supposed to get land for rehabilitation. It was observed that many families got land in Gujarat as per the existing state land ceiling laws. The land, given in Gujarat, was salty and not suitable for cultivation. In some cases farmers got 2.5 acres of land each in two different districts of Gujarat which is against the court order. So they preferred to come back to Madhya Pradesh. Students came across the issues of unemployment and drinking water.

Students visited Chikhalda village where the Jal Satyagraha took place in the year 2003. This village is one of the most devastated villages due to submergence. After understanding the nitty-gritties of legal issues and the present facts, students set forth on the humongous task of data collection.

Students conducted a detailed survey on the Project Affected Families (PAF) regarding-

- The compensation packages (promised and received),
- GRA application made by PAF,
- Orders of GRA received and their compliance status,
- Status of the land promised to them under R&R policy (Plot measuring 60' \* 90')
- Status of compensation for houses under Pradhan Mantri Avas Yojna (5.6 Lakh Package),
- The share received by elder sons as promised in the 2005 judgment
- The compensation for landless labourers, fishermen and other non-farming communities
- The status of PAFs whose names have been excluded from the ATR (Action taken report) lists
- The status of PAFs who have received discriminatory treatment due to their affiliation with NBA.

A survey form was prepared in order to make the data collection efficient. In course of next 2-3 days students visited about 8- 10 villages in Dhar, Barwani, Alirajpur Districts namely Kushi, Nisarpur, Ekalbara, Chota Barda. The topic for research and data collection included:

- Migration due to submergence
- Jeevanshala
- Livestock and fodder and
- Women employment

Students were divided in teams for data collection in various villages.

### **Experience at Village Bhadal and Bhitada**

Village Bhadal is situated in Pati tehsil of Barwani District. People living here are very peaceful, well-mannered, and cultured. Agriculture is the main occupation of the people but they lack industrial development, drinking water, education, and transport facilities.

The main concern of the village is the education of the childrens. Bhadal is situated between the altitudes of 200-300 mtr. from the sea level. This village is surrounded by water and it's a plateau. People of Bhadal have to go to Gujarat for work as they have lost their farming lands due to the submergence. The population of the Bhadal village is around 1700 to 2000. The survey conducted in 2019 shows that after the submergence, more than 100 people have gone to Gujarat for work or employment. They are engaged in mostly labour work like construction of houses, roads, wells etc. earning Rs. 250-300 per day. Submergence has completely changed their occupation and living style. Now they work as labourers for others and not as farmers of their own lands. People, migrated to Gujarat visit Bhadal during the period of November- January.

In 1991 the Adivasi decided to create their own school with the help of the local villagers, children and the youth. These schools are called "JEEVANSHALA". Also, the 'Narmada Bachao Andolan (NBA)' under the banner of 'Narmada Nav Nirman Abhiyan (NNNA)' came up with various activities, Jeevanshala being one of them. The first jeevanshala started in Chimalkhedhi and Nimagwan of Nandurbar in 1991-92. There are 13 such primary schools (up to class V) with 1800 Adivasis students which include 600 girls. These schools are located in the mountains, at the bank of the Narmada River.

From Barwani district of Madhya Pradesh students had to travel by bus for 84km towards the Kakrana village in Alirajpur district. Then they travelled by boat for an hour to reach Bhadal's Jeevanshala. There are about 40 boys and 20 girls in jeevanshala and two teachers who have been the students of the Jeevanshala. Then they visited Bhitada's jeevanshala. The foundation of the Bhitada's jeevanshala was laid on 01/07/2004 named "NARMADA JEEVANSHALA". The villagers had taken a lot of efforts to start this jeevanshala. Mainly the structure of the school is of Kaularu (कौलारु) as like Adivasi culture. The walls and the floor of the school are made up of cow dung. There is one hand pump behind the school. There are no bathrooms or washrooms in the premises of the school. ILS students made one small bathroom beside the hand pump with the help of the school students and the teachers. Our students came across a new concept of 'ambulance boat'. On every Sunday one ambulance boat comes to check the health of the students and also provide them the medicines.

There are only two rooms in Jeevanshala because of which sick children did not get separate rooms to have better treatment. This may lead to infection to other children. Also, if any child is sick and he/she needs an emergency treatment; teachers take 3 hours to reach the hospital because of poor transport facilities.

As these Jeevanshalas are not registered; students did not get any benefit from

government policy. Students observed that Bhitada's jeevanshala is run only by few teachers working there. If these teachers leave the school, then school children will be at loss. All the school maintenance committee members, the sarpanch, and teachers insisted for the registration of these Jeevanshalas. Our students submitted report to NBA highlighting following things:-

- Immediate registration of schools
- Health Care Facilities and
- Better Infrastructure for the schools.

Along with non-implementation of resettlement and rehabilitation scheme and ineffective compensatory packages students accumulated some data and further segregated the same for the purpose of government sanctions like:-

- Scheme for women employment named as "Griha Udyog and Gram Udyog"
- Sanction of Fodder scheme for animals by government
- Record of migrant workers those who were migrated to different states due unemployment in the submergence area.

Students concluded that the houses and land that are permanently affected due to submergence of nearby areas and loss of connectivity to the main land are completely ignored by the authorities. After the analysis students were perplexed by the web of legal issues around one river and its consequences to the valley.

### **Narmada Poem**

The poem reverted in the Narmada valley says about the real situation of Narmada valley people.

<p>आपने कहा देश की समृद्धि की लिए मेरा गाँव डुबाया गया मेरे दूबे खेतों के आधार पर बिजली का उत्पादन किया गया पर जिन्हें वोह बिजली मिली उन्होंने उसके लिए क्या खोया ? आपके वादे के बलबूते पर आप कहें हम जमीन छोड़ दें पर तब हम क्या करें जब आप अपना वादा तोड़ दें ? जिस देश की विकास की आप बात करते हैं उस देश का अटूट हिस्सा हूँ मैं बिसरे लोगों और टूटे वादों का अनकहा किस्सा हूँ मैं.</p>	<p>For the prosperity of the nation My village was flooded My flooded fields provided the basis For you to generate electricity But the people using that electricity What did they lose? Based on your promises You say we should give up the land But what do we do then when you break your promise? The country whose development you talk about I am an integral part of it The forgotten people and the broken promises I am their untold story.</p>
--	--

Students were astounded by the persistence of the inhabitants and Medhatai Patkar in pursuing the cause of saving the river and wiping the tears of Narmada.

### **Participation In National Lok Adalat**

Alternate Dispute Resolution System (ADR) is appreciated at global level. The ADR mechanism is less bound by procedural formalities and speedy in giving results. For this reason, ILS Legal Aid Centre provided an opportunity to students to participate and volunteer for National Lok Adalats organized in Pune. This exercise aims to help the students to understand practically the various methods of resolving disputes through conciliation, negotiation or mediation. The detailed report of the student's participation in Lok Adalat is given below:-

#### **1. National Lok Adalat organized by Pune Municipal Corporation**

**Date: - 13th July 2019**

**Venue: - Pune Municipal Corporation, Pune**

**Faculty Coordinator: Dr. Suvarna S. Nilakh and Divya Mittal**

#### **Report**

A team of 15 students of ILS Legal Aid Centre participated in National Lok Adalat held on 13th July 2019 by Pune Municipal Corporation (PMC). Their basic task was to assist the panels of conciliators consisting of District Judge and two advocates. The Conciliators aimed at settling disputes regarding water tax bills issued by the water supply department of Pune Municipal Corporation, pending Electricity bills, and medical (dengue) issues. The Lok Adalat was targeted to complete about 2000 cases. It was divided into three zones:-

- Zone 1 consisted of disputes of Swargate 1 and Swargate 2 areas
- Zone 2 consists of Bund garden area
- Zone 3 consisted of Chaturshrungi and SNTD area.

Panel 1 and 2 had cases related to water tax and pending electricity bills while Panel 3 had cases related to Medical (Dengue) and pending litigation cases. All the cases were in pre-litigation stage. The general observation was that because the PMC has digitized its billing system in recent years and certain bills were pending since non-digital years. Some customers have received enormous amounts of bills. Most of the pending water tax bills cases were 10 to 30 years old. In some cases it was both the water supply department and the customers at fault to some extent. For example, there was a customer who has had the water connection since 2003 but neither there was water nor he was using it and still he used to get a bill of minimum 637 per month so he had to pay the total average bill till today to get the connection stopped.

Also there was a commercial case of a store in which they had stopped using the supply of water in 1998, but still they used to get a bill every month. This dispute was resolved amicably and the store owner and PMC agreed for bill payment of 1 lakh against 8 lakhs. Students got an opportunity to observe these proceedings closely.

In the meantime Principal District Judge of Pune district court also visited Lok Adalat and students had a chance of interacting with him. He opined that alternative dispute resolution will be the demanding area in coming times as people nowadays are not willing to come to court and need speedy disposal of their disputes.

## Report

BE THE CHANGE. BRING IN THE REFORM. We hear about these words quite often, but we forget that the process of bringing reform begins by creating awareness. It is essential that the need for social change or reform has to be communicated to people. Nukkad Natak i.e. Street Plays, breaks the formal barriers and approaches people directly. As Street plays resembles the normal conversation between the people, it is the most effective way of communication and the best tool for creating awareness.

Taking this objective into consideration, the ILS Legal Aid Centre organized an inter college street play competition on 25th January 2020 at the ILS ground. The competition, which consisted of two rounds, the preliminary and the final rounds, started at 10.30 AM. Before beginning with the rounds, the student organizers explained the importance of street play and set out the rules of the competition. Dr. Sita Bhatia, one of the founding members of the ILS Legal Aid Centre, gave a brief introduction about the activities of the Legal Aid Centre and history of street plays in Indian culture.

The theme for the competition consisted of:-

- Gender Stereotypes
- Climate Change and Pollution
- Malnutrition Among Children
- Drugs and Alcoholism
- Social Media Addiction.

The preliminary rounds began with the participation of 11 teams. These teams gave power packed performances on the themes set out for the competition. While propagating their message to the masses at large, the teams never failed to provoke laughter, smiles and enlightened mood. Further, Dr. Alpana Akolkar and Adv Vanmala Anuse, the judges for the preliminary rounds, shortlisted 4 teams for the final rounds.

The Final rounds began after a short lunch break. The judges for the final rounds were Dr. Abhijit Dhere and Mr. Swamiraj Bhise.

There was a slight improvement in their performance given the fierce competition amongst teams. It was indeed difficult to shortlist the winners given the brilliant performances delivered by the students. Moreover, the judges also advised the students on techniques of voices and other nuances of street play. This successful event came to an end by thanking everyone for their participation and support.

The exercise of mooting is one of the highlights of every law curriculum. It teaches students skills quintessential for solving legal problems. These skills encompass both soft skills as well as writing skills. It is one of the appurtenant collateral of any law school's curriculum and one which is most relished by most students.

The ILS Moot Court Society ("MCS") was founded in the academic year 2014-15 to burgeon the interests of students in the activity of mooting, facilitate students to understand intricacies of legal research, acquire sufficient stronghold over the utilization of online legal databases, organize research to crisp and clear legal propositions on the issues presented in a moot proposition which finally culminates in to a clinching argument in a moot court competition. This is achieved with our student members hosting weekly sessions throughout the academic year on various aspects of mooting which range from introduction to mooting, use of research operators, tenets of legal reading and research, interpretation of statutes, moot demonstrations, drafting moot problems, drafting memorandums, formatting memorandums and mechanics of oral advocacy. In addition, MCS organizes the Novice Moot Court Competition and Public International Law Moot Court Competition to assist students in their first and second year of law school to acquaint them with the exercise of mooting.

Every year, MCS also hosts Raghavendra Phadnis Moot Court Competition, which serves as a selection round for students inclined to represent ILS Law College at national and state level moot court competitions while Intra College Public International Law Moots Selection Rounds

serve as a selection round for students inclined to represent ILS Law College at international moot court competitions or in moot court competitions where the subject matter is public international law. Both these competitions are highly awaited events of the year and witness massive participation from students across all batches.

Furthermore, MCS deals with all specific and ancillary aspects of organization of moot court competitions, circulation of invitations of national and international moot court competitions, client counseling competitions, mediation and negotiation competitions, trial advocacy competitions, allotment of the teams and assistance to students in completing respective registration processes of competitions.

The ILS Moot Court Society consists of student members from every batch who are selected every year based on defined criteria by inviting applications and conduct of interviews. Once the core committee is formulated, the tasks at hand are democratically distributed within the members of the committee.

## **Raghavendra Phadnis Moot Court Competition**

### **Faculty Co-ordinator: Dr. Deepa Paturkar**

Raghavendra Phadnis Moot Court Competition is an annual Intra College Competition held to foster a spirit of mooting among students and also serves as a selection round for National Level Moot Court Competitions. Students from the Second year to Final year of the Five-year Integrated Law Course and Second year to Final year of the Three Year Post Graduate Law Course are eligible to participate. The Moot Court Society conducted an orientation on the basics of mooting and a session on memorandum drafting for the benefit of the students.

Format of the competition: The Competition witnessed a change in format this year. It was held in three rounds of preliminary, semi-finals and finals on 27th July, 10th August and 11th August respectively. Unlike previous years, the students qualifying for the semi-final rounds had to argue a new problem and also submit a memorandum. Moreover, the semi-final rounds were conducted with students being pitted against each other as matchups. These changes were introduced in order to familiarise students with the mooting process in inter-college competitions. This year's edition witnessed the participation of 400 students arguing the preliminary rounds in 28 court rooms.

Rounds: Participants for the preliminary rounds were given an option to choose one among the four cases in relation to

1. Public International Law by Ms. Janhavi Pande
2. Commercial Laws by Mr. Zacarias Joseph
3. Law of Crimes by Ms. Senjuti Mallick
4. Law of Consumer Protection by Mr. Satish Rai and Mr. Aayush Mitruka

The drafters of the problem had attached an elaborate orientation note along with their respective moot propositions to aid the students in research. The preliminary rounds were judged by esteemed ILS alumni.

The first two rankers from each court room from the preliminary rounds qualified to the semi-final rounds held on 10th August 2019.

The semi- finals and finals case was drafted by Mr. Sharath Chandran, an alumnus of ILS Law College and University of Oxford. The case was based on law of constitution and administrative law. 56 students argued in the semi-final rounds in 5 different court rooms. The rounds were judged by 10 judges, including academicians and practicing advocates.

After relentless and gruelling rounds, 10 students qualified to the final rounds. The students argued the same case for the final round. The round was judged by the drafter himself along with Mr. Krishna Mohan, an alumnus of ILS Law College and a practising advocate at the Supreme Court of India and Mr. Shailendra Kanetkar, an alumnus of ILS Law College and an advocate at the High Court of Bombay.

Mr. Tapan Radkar, a student of IV BA LLB emerged as the winner of the competition while Mr. Nauman Beig and Ms. Sakshi Kapadia, students of III BA LLB were adjudged as runner up and second runner up respectively.

### Online Practice Moot

Online Practice Moot 2020 was conducted by the ILS Moot Court Society to introduce students to the activity of mooting and enable students to moot competitively in the future. In light of the COVID-19 nationwide lockdown, their integration into the mooting process in college was hampered. In order to remedy this situation, the online practice moot was conducted as a co-curricular non-competitive activity in which students from the first year of the Five-year Integrated Law Program and the Three Year Post Graduate Law Program participated.

The first edition of the activity was coordinated by Dr. Deepa Paturkar, Asst. Professor, ILS Law College, Prof. Varsha Khandagale and Prof. Pronema Bagchi.

Participants were given the option to choose one among the following four moot propositions based on different areas of law:

1. Law of Contract by Mr. Satish Rai and Mr. Junaid Lirani
2. Intellectual Property Law by Mr. Ayaan Khan Yusufzai
3. Law of Crimes by Ms. Tanvi Mate and Ms. Bhavya Chhikara
4. Constitutional Law by Ms. Shishya Goyal, Ms. Jafreena Cassad and Ms. Sruthi Jayaprakash

Comprehensive and instructive online orientations were conducted by Mr. Satish Rai, Ms. Tanvi Mate, Ms. Shreya Kunwar Ms. Shishya Goyal, Ms. Jafreena Cassad and Ms. Sruthi Jayaprakash for the benefit of the students.

Due to the semester being cut short, the first-year students were able to attend college only for a few months. However, this did not deter the students from participating in large numbers and showcasing their mooting abilities. The students were provided remote access to the Online Research Databases such as Westlaw, Lexis Advance, SCC Online, Manupatra and Hein Online which enabled them to prepare for the moot. For the first time ever, the activity was conducted virtually on 7th May 2020 on Google Meet. 62 students from I BA LLB and I LLB participated in the activity. 13 virtual courtrooms consisting 4 to 5 participants each were created and the participants were given time slots in which they had to present their case before a panel of final year students. **One Day Seminar on Interface Between Environment Protection and Development of Transport Infrastructure: Issues and Challenges**

**(A) Date of the Seminar:** 27th February, 2020

**(B) Report of the Seminar:**

**Theme and Objective:** The economic development of any country warrants for investment in increased connectivity through large scale public investments in transport infrastructure, such as roadways, railways, metro, waterways and airways. Since India is on its way to becoming a superpower, the transport infrastructure sector has got a blue-eyed boy treatment from the government. This leads to favouring of infrastructure development, by compromising on other important factors such as environmental and social concerns. These projects need to be developed in accordance with sustainable development principles, keeping in mind the widespread destruction it might cause to the environment, if mismanaged. Environmental impact assessment is a crucial step while development of transport infrastructure is at its

planning stage, but is being largely overlooked, causing irreparable damage to flora and fauna in the process. Hence, it becomes imperative for the environmental activists and citizens to ask the question, “Development, but, at what cost?” ILS Law College’s Hariyali – The Environmental Law Cell in association with ILS Legal Aid Center decided to organize a seminar to bring to the forefront the issue of the circumvention of Environment- legal regulations while developing transport infrastructure and to discuss possible solutions and changes which could be facilitated by various players, such as government, citizens and legal fraternity.

The Keynote address was delivered by **Adv. Ritwick Dutta**, who is a Lawyer and is the founder of Legal Initiative for Forest and Environment. Has fought over 350 cases related to Environmental issues and is a true legal-environmental crusader. Though he could not remain physically present on the day of the seminar, he still succeeded in making up for his absence by sending a pre-recorded video of his address to be screened at the seminar. His address was instrumental in laying the foundation of the discussion and outlined the themes of the conference by giving a comprehensive introduction to the legal aspects of transport infrastructure development in India, by talking about various laws and regulatory permissions which were to be secured during the commencement of Transport Infrastructure development. He also briefed the congregation in detail about the position of the National Green Tribunals and other courts in landmark environmental cases. He talked about how legislations are inadequate and weak for environmental conservation and hence, need a relook from the Government.

Session one was chaired by Dr. Sanjay Jain, Acting Principal, ILS Law College, Pune. The expert speaker on the panel was Mr. Neeraj Vaghlikar. Mr. Neeraj Vaghlikar is an active member of Kalpavriksh & Adviser of Lawyers Initiative for Forest and Environment (LIFE). He carried forward the discussion of Adv. Ritwick Dutta by mentioning about shoddy and “fait accompli” nature of environmental clearances for transport infrastructure projects and enlightened everyone about how courts could be more involved in the mitigation of such problems. He screened a documentary ‘Road to No Where’ highlighting the terrible state of affairs with respect to roads and initiated discussion amongst participants. Dr. Sanjay Jain while connecting the environmental law highlighted the need of honouring the constitutional dictate of protecting and preserving the environment.

The resource person for the second session was Ms. Prajakta Divekar. She is an Anthropologist, engaged in critical heritage studies and cultural resource management and Research Fellow, Humanities and Social Science department, IISER, Pune. Her topic of address was “Rethinking the Environment-infrastructure debate and redefining the underlying class dynamics”. The main focus of her presentation was the contradictory findings related to the environmental efficacy of the HCMTR (High Capacity Mass transit road) Project in Pune. She thoroughly

explained the adverse impact of the proposed HCMTR project on the environmental balance. She urged the law students to take keen interest in environmental issues helping the environmentalists in interpretation of various laws, rules, regulations and reports prepared by the Government as well as in fighting the legal battle to defend environment. This session was chaired by Ms. Vaijayanti Joshi, Director, Academics and Administration, ILS Law College, Pune and Secretary, Indian Law Society. Ms. Joshi called upon the students and legal community to join hands against improper developments and preserving biodiversity of the region.

Mr. Shripad Dharmadhikary, resource person for the third session, is an Activist, Researcher and Coordinator of Manthan Adhyayan Kendra. He addressed the participants on “Policy and Legislative Integration of Inland River/ Water Transport and Environment”. The presentation was an in-depth study assessing impact of exploiting rivers as inland waterways. He mentioned about advantages and disadvantages of using rivers as inland waterways. He also raised concerns about the social, environmental and financial implications which these inland waterways will bring about. He urged for adopting a well researched, planned and transparent process for going ahead with the project of inland waterways. Dr. Nitish Nawsagaray, Assistant Professor, ILS Law College, Pune chaired the session and made concluding remarks.

The fourth session was taken up by Mr. Milind Pariwakam. He is an esteemed Member, IUCN WCPA Connectivity Conservation Specialist Group & Wildlife Biologist, Wildlife Conservation Trust. He discussed about “Implementation of Principle of Sustainability while developing Transport Infrastructure”. At the beginning of his session, he screened a documentary titled “From Killer Roads to Humane Highways”, which showed the plight of animals due to roadways and railways passing through their habitats. After sensitizing the audience about the issue he highlighted the need of protecting special walkways and paths for animals while designing any transport infrastructure. He also suggested few solutions of achieving this aim with specific examples. This session was chaired by Dr. Suvarna Nilakh, Assistant Professor, ILS Law College, Pune.

### **One-Day Training Program on Women Empowerment: Hearing the Unheard Voices**

(A) **Date** : 6th February 2020

(B) **Report of the Activity:**

On 6th February, 2020, The Legal Aid Centre in collaboration with the Gender Studies Cell of the College, organized a One-day Conference on Women Empowerment: Hearing the Unheard Voices. This conference personified a solid step taken in the direction of burgeoning interest in the empowerment of women. The conference was kick-started by our Principal's address, wherein he could not resist speaking on the topic. He left us with the grave question of whether we are gender sensitive or whether our responses are episodic in nature. The first session was an informative session, taken by Mr. Milind Chavan. He spoke on 'Gender Sensitization', which laid the foundation for the rest of the conference. He elaborated on the concept of power hierarchy and gender roles. The audience was compelled to think about popular perceptions and roles that people are expected to perform from childhood. Mr. Chavan then went on to address the images, expectations, roles and power that is granted to the genders. Another interesting perspective he mentioned was the dehumanizing that men undergo. His view on theft of agency of a person and its validation from popular media flamed great discussion amongst the audience members. He also drew attention to the concept of honour killings that stem from patriarchy and the ownership of women by the dominant man. He ended his session by giving his recommendation on literature and movies like 'Paromita' which give a more perceptive view into gender sensitization.

The next session was taken by Dr. Devika Singh, an alumna of the college, who spoke on the topic of 'Sexual Harassment in the Workplace'. Her session was characterized by the continuous dialogue that she encouraged. She not only established basics but also insisted upon inciting divergent thought-processes in the nimble minds of the audience. She started the session by talking about the concept of derivative power. According to her, the two concepts behind patriarchy are power and numbers. She was of the view that everyone is guilty of normalizing violent behaviour. She then went on to talk of the scenarios of sexual harassment. Dr Devika Singh then elaborated upon CEDAW and the Vishakha guidelines that have an impact on the way we view sexual harassment. She emphasised on the importance of establishing impact rather than the commonly acknowledged intent. The audience was guided

towards understanding that it is imperative that the harasser has created a hostile work environment, in the case of normative sexual harassment. The session also was a great aid in understanding the types of sexual harassment. One very thought-provoking point put forward was that the Indian Penal Code is about redressal, not prevention, which is the reason behind the popularity of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. This is a bold move to boost the percentage of women in the workforce. Dr. Devika ended her session on the hopeful note that more and more women would be encouraged to take up careers due to such protective legislations.

The third and last session was a truly fascinating one and a treat for the audience. It entailed an active discussion which was chaired by Dr. Devika Singh. The discussion was upon honest experiences of four women, who stemmed from completely different backgrounds, with vividly different experiences and even from different generations. These women were Dr. Lata Bhise, Dr. Swati Shirwadkar, Ms Geetali Vinayak and Ms. Prachi Kulkarnee. They elaborated upon victories and tribulations of women in the sectors of education, politics, literature and media. Dr. Swati Shirwadkar spoke from the perspective of women in the education sector. Her piece de resistance was the true episodes that she had witnessed in Ashram schools and the crude objectification of women. Dr. Lata Bhise shared her views on women in politics. She spoke on the importance of the reservation for women and the long history of women in rural politics. She mentioned the irony of women in powerful positions who were only given departments which have no funds. The viewpoint she presented was influenced by the 73rd and

74th Amendment and its aftermath which led her to believe that women are still dolls in the hands of power mongers. The next speaker was Ms. Geetali Vinayak who emphasized on the role of women in literature. Her ideas were based on the fact that literature reflects the current society. Her points revolved on women who influenced literature and portrayal of women in literature. She held sacred the view that, literature incites strength in even the weakest reader. She also observed the changes in women and their portrayal, in the field of literature. The last speaker of the afternoon was Ms. Prachi Kulkarnee. She was an ideal expression of women in media. The most thought-provoking point she mentioned was that she had never thought as a woman journalist, but as a professional journalist. Her talk was rife with very personally held views and particular incidents where she had been made conscious of her role. Women, according to her, had a keenness to understand from a place of empathy. After her expression of views, the floor was opened for questions. The rapt audience became eager debaters as questions flooded the panel. It was an eye-opening session for it encompassed authentic perspectives of those experiencing the particular situations.

With this, the conference came to a befitting end.

It was her unwavering values, clarity, confidence and poise which helped in steering the institution through various odds and evens. She went ahead by paying tribute to her predecessor Principals, and shared their contributions and vision.

Mr. Gharpure who in her opinion, is the primary progenitor of the exclusive legal education institution that is ILS, and Mr. Pandit's whose role in steering the College through difficult financial crisis, with the assistance of the then Chief Minister of Maharashtra and Alumni of ILS, are the ones to be credited with the legacy of ILS Law College. She very aptly pointed that, 'Mr. Nanasaheb Gharpure was a Creator of ILS whereas Mr. Pandit was the re-creator of ILS'. She reminisced the humble sacrifice of Mr. Pandit and the other staff in working for almost six months without any pay during the time of crisis. She fondly shared memories of Mr. Ranade's able support in taking care of College till Dr. Sathe took over. Dr. Sathe gave a different direction to the Legal Education such as introducing Moot Court Competitions, Legal Aid Clinic, Case Comment Competition, Seminars, Research etc. The Teacher Disciple tradition continued amongst the Principals of ILS Law College. She shared the instances of Dr. Sathe's teachings and guidance she received during her Masters; and how she learnt analysis with clarity during these sessions.

Further, she shared her journey in ILS as a visiting faculty, fulltime teacher, Principal In-charge and as Principal. Later she talked about the milestones achieved during her tenure as a Principal such as Research grants of Ford Foundation for academic development, creation of innovative programs under 'Towards Conscious Legal Education' etc. She also explained the transitions that were seen during her career as Principal at ILS; like increasing regulatory regime in Banking, Insurance etc. in wake of Globalisation and Liberalisation. This led to changes in the expectation from Legal Fraternity and consequently legal education. Also challenges such as the rise of Government and Corporate funded National Law Schools in all states etc. were enumerated by her. In spite of these challenges, ILS Law College stood out in this cut-throat competitions.

She talked about her attempt in mandating the attendance to bring more sincerity and quality in Law students, an attempt which saw various petitions and pressures for diluting the rule. However, the cautious and honest implementation of the rule was applauded by the Bombay High Court. She credited the team work of her colleagues and strong support of the Management in expansion of the infrastructure of the college, such as new classrooms, additional library floors, IT infrastructure, two ladies hostel, LL.M, Ph.D. Centre etc.

She conveyed that Vision and Mission Statement of ILS reflecting the importance of Rule of Law has become the part of her life and profession. She concluded by expressing her gratitude to all her colleagues, friends and family without whose assistance and support performing her role as Principal was impossible. She welcomed the new team of Dr. Sanjay Jain, Dr. Santosh Jaybhay and Dr. Deepa Paturkar, and assured that she will be working with this team in the new capacity of Director, Academics and Administration.

The second farewell on 3rd February saw various ways of expression of gratitude, respect and love towards Ms. Vaijayanti Joshi. The teaching staff, non-teaching staff, the alumni and the students of ILS Law College presented Ms. Vaijayanti Joshi with a citation honouring her contribution in growth of ILS. He reminisced and expressed his feelings about his long association with Ms. Vaijayanti Joshi and her major contribution in building of the institution. He emphasised on the objective of the ceremony which was not only to say goodbye to her, but to welcome her, in her new role as a Director, Academics and Administration.

Ms. Rajalaxmi Joshi, conveyed her thanks on behalf of Joshi family for organising the event and making them all feel overwhelmed. Dr. Deepa Paturkar shared her gratitude towards the Principal. The event saw speeches by members of Governing Council and General Body of ILS Mr. S.V. Kanetkar (Adv.), appreciated the efficient way in which Ms. Vaijayanti Joshi had carried the great legacy of ILS, her teaching skills, courageous and determinate way of putting her points; and her strong unwavering leadership. Dr. Nilima Bhadbhade, highlighted three important qualities of Ms. Vaijayanti Joshi which she benefitted from as a colleague i.e. her capacity to keep secrets, her ability to encourage teachers and seeking happiness in development and progress of teacher colleagues, and ability to pose

faith in teachers.

Dr. Jaya Sagade, shared her views in the capacity of her close friend as well as a colleague. She thanked and appreciated Ms. Joshi as a friend in personal and professional capacity who stood by her for any work. She credited the existence of any positivity in her life to her friend. She reminisced their team work with transparency in career and life. She explained how very easy solutions to any problem would be given by Ms. Joshi always. Dr. Sagade also shared few work ethics of the Principal such as her belief that whenever any work had to be done for government, it is a work for society which should be done gratuitously without expectation of monetary benefits. She applauded Ms. Joshi's efficient and skillful way of carrying everyone together and treating everyone with dignity.

Ms. Swatee Yogesh, expressed her gratitude for being one of the Best Principals she has experienced in her career. She highlighted the uniqueness of Ms. Vaijayanti Joshi of being a 'Female Maryada Purushottam' a person who is a balanced and equanimous one, the one who would be disciplined and strict but would not cross the limits to be arrogant; the one who would be loving and caring but would not be over frank. She called out the definitional qualities of a good leader and sought confirmation from the audience if they agreed with the existence of each of the qualities in Ms. Vaijayanti Joshi. There was a loud and clear confirmation received on every quality of a good leader.

Ms. Sathya Narayan, appreciated the best qualities in Ms. Joshi such as the freedom given by her to the faculty; tendency of never giving up; capacity to translate the vision into reality and never discouraging anyone from doing anything new.

The ceremony culminated with an inspiring and memorable speech of Ms. Vaijayanti Joshi. In her eloquent style she shared the milestones of the journey of her career in ILS. She expressed her fortune and gratitude for being able to be part of this historic institution. She explained, being a Principal of such a legendary institution, for her was a big responsibility and being a daughter of one of the former legendary Principals was a double responsibility. And the fact that she always received support from the Management of ILS in all her endeavours as a Principal, is a testimony of she having been successful in executing the responsibilities casted on her. She shared few such instances, such as, how the Indian Law Society had sponsored the petition filed claiming the extension of the tenure of Ms. Vaijayanti Joshi as a Principal. For her, this trust of Society in her was one of her biggest achievements.

She shared how the photographs of five former Principals of ILS adorning the Principal's office, for her were symbolic of Five cannons of highest parameters guiding her in any decisions making as a Principal. The Sixth cannon she followed was self-conscience. She further highlighted that the rationale of creating the sister institutions of ILS Law College was an endeavor on her part to create unique eco-system of Legal Education at ILS and that activities of each of these sister institutions are correlated and congenial for the growth of ILS Law College.

She concluded with a promise to be with the institution and wished for even greater success of the institution in future.

### **Lecture on ‘Conflict to Consensus: Mediation in the Contemporary World’ by Antti Heikinheimo**

Conducted on: 23rd November 2019.

The Indian Law Society’s Centre for Arbitration and Mediation (ILSCA), on 23rd November 2019, organized a lecture on ‘Conflict to Consensus: Mediation in the Contemporary World’ by Mr. Antti Heikinheimo, a renowned mediator from Finland.

#### **About Mr. Antti Heikinheimo**

**Antti Heikinheimo** a District Court Judge in the District Court of Länsi-Uusimaa, Finland concentrates exclusively on mediations. He is a renowned mediator and arbitrator, having more mediations as a mediator than anyone else in Finland with a private practice background, and a success rate of over 80% in all his mediations. In May 2013 the President of the Republic of Finland awarded him the honorary title "Laamanni" - a title awarded to very select, highly distinguished attorneys and other lawyers.

In 2007, the Government of Finland designated him to the ICSID (International Centre for Settlement of Investment Disputes) Panel of Conciliators. The designation was renewed in 2013 and 2019. Antti was the Chair of UNICEF Finland from 2011 until 2017 and the chairman of the audit board of the Central Chamber of Commerce (the public oversight body of the audit profession). He is also the vice-chair of the Mediation Forum of Finland.

#### **About the Lecture**

The lecture was conducted for the benefit of the first-year students of the five-year as well as the three-year law course. The lecture aimed to open the avenues of career opportunities in mediation and to bring the students up to pace with the contemporary mediation practices across the world. In achieving this aim, the lecture was successful to a great extent.

The lecture ranged from a basic understanding of the practice of mediation to more complex issues such as tools for effective mediation and career opportunities in mediation as well. In answering basic questions such as the difference between arbitration and mediation, Mr. Antti remarked that while arbitration is essentially private litigation, mediation is a collaborative effort to arrive at a consensus between the parties.

Mediation, he says, is a very strong tool to resolve disputes effectively and expeditiously. He adds that it is a unique tool of dispute resolution where both parties happily reach a compromise to resolve their dispute. A very interesting part of the lecture was when Mr. Heikinheimo drew a connection between the art of effective mediation and meditation. Emphasizing the role of meditation in helping him become a good mediator, he said that it increases his ability to keep calm and help the parties reach a settlement.

The lecture then proceeded to the technical aspects in a mediation process, such as the BATNA (Best Alternative to a Negotiated Agreement), WATNA (Worst Alternative to a Negotiated Agreement), and MLATNA (Most Likely Alternative to a Negotiated Agreement). He then went on to explain the skills required by every mediator to be a successful mediator.

The session by Mr. Antti Heikinheimo was enriching and insightful. The fact that the session remained interactive throughout was evidence that the students were intrigued by the information they were receiving. Understanding contemporary practices in mediation from someone like Mr. Antti who has successfully established himself as a renowned mediator internationally, and as the foremost mediator of Finland was indeed fruitful.

## **II. Certificate course in Legislative Drafting**

Legislations or statutes, as commonly referred, is the primary source of law under the Indian Legal System. Laws are made for the smooth functioning of the society. Thus Law needs to be intelligible and transmit the purpose for which the law is made to the end user. Yet, several challenges are encountered by the legal professionals while applying and interpreting the statutes due to many factors, many shortcomings, which exist in the drafting process of statutes.

The Institute introduced an autonomous Certificate Program in Legislative Drafting in the year 2015 to train the entrees with the basic knowledge and drafting skills for simple statutes. The basic purpose of initiating this course is to promote a spirit amongst the participants about the necessity of drafting statutes in clear, simple and easy to understand language. This certificate course aims at capacity building of the participants in effective drafting of laws and also expose them to the essential skills that a good draftsman must hold.

This year it was proposed to commence the course in March 2020. However due to the onset of COVID Pandemic we are planning to hold an online course from the month of September 20. The Institute is accordingly designing the course appropriate to fit within the requirements of an online training.

**Future Courses planned:**

- I. Certificate course basics of Insolvency and Bankruptcy Code, 2016
- II. Certificate course on Teacher's training

**Projects in hand:**

**A. Causes of delay in Criminal Justice System: with Special Reference to Offence of Rape In Trial Courts: Solutions and Suggestions.**

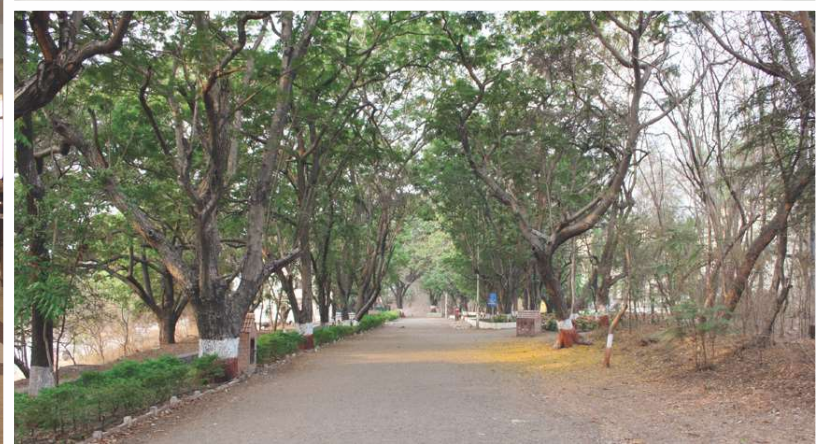

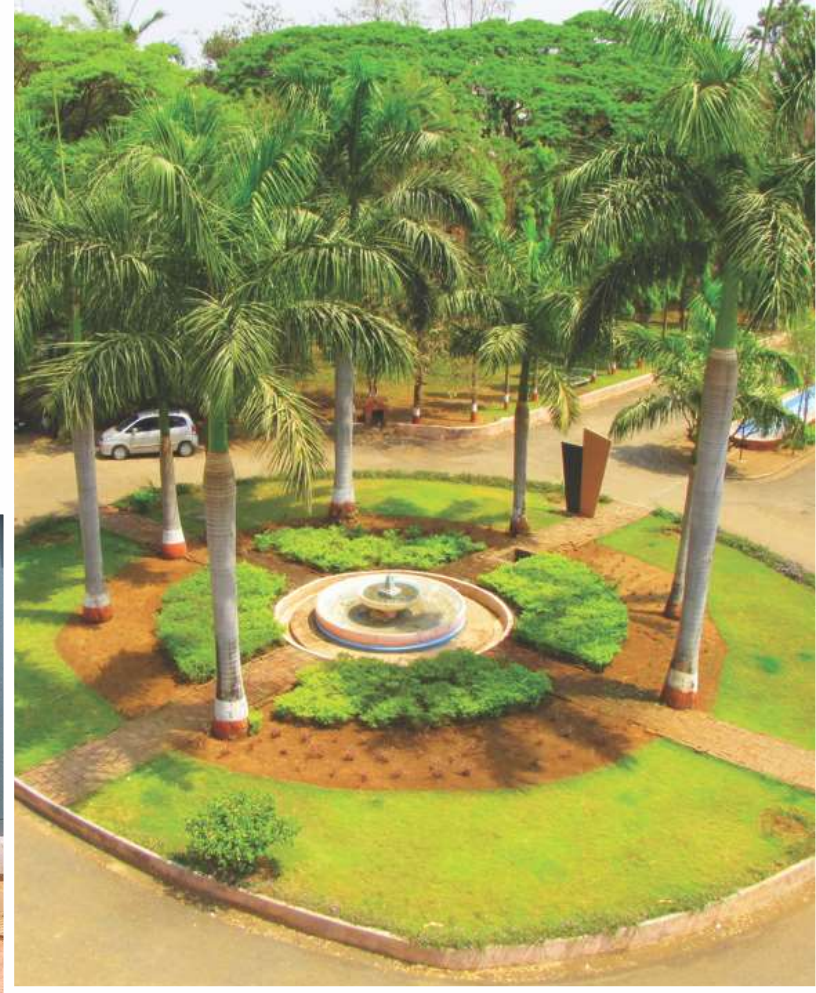

In view of certain changes in the Law the IALS has re-initiated the project. Statistical analysis of 969 cases is under process and results which are derived are being studied to draw conclusions and in turn suggest solutions. A study of all the reported cases both from the Supreme Court and also of the four benches of Bombay High Court is done to corroborate the analysis derived from the primary data.

**Staff for the project**

1. Ms. Sathya Narayan, Project-in-charge
2. Ms. Manjusha Gurjar, Computer Assistant

**B. "Social Action Litigation" (SAL)**

The IALS had undertaken a research project on "Social Action Litigation" (SAL) funded by the Ford Foundation. The project was undertaken in 1999. However, the project could not be finalized due to some unavoidable reasons. To conclude the project at this stage requires the understanding of modern strategies developed in the area of Public Interest litigation. Therefore, the project has been re-initiated which focuses on reading of Supreme Court and High Court cases from 2005 to 2019.
