**Announcement of the  
Post Graduate Diploma in Alternative Dispute Resolution Methods  
(ADRMs)**

(Through Distance Learning)

(An autonomous Diploma Course of the Indian Law Society conducted under the aegis of  
ILSCA)

**About ILSCA**

The ILS Centre for Arbitration and Mediation (ILSCA) was established on 3<sup>rd</sup> December 2016 by the Governing Council of the Indian Law Society (ILS). This Centre is established with the sole purpose of providing facilities for ad-hoc and institutional arbitrations and mediations, both in domestic as well as international situations. ILSCA is a first-of-its-kind arbitral institution in India, which has close association with one of the topmost law colleges in the country – ILS Law College, an offspring of a public charitable society the Indian Law Society whose chief purpose is to establish centres to impart quality legal education.

ILSCA is an associated institution of the Indian Law Society set up to support the activities of the ILS Law College and is a neutral, independent, non-profit arbitration and mediation centre, established to facilitate the impartial administration of arbitration and mediation proceedings.

ILSCA also conducts various training programmes and courses in the field of ADR for students and professionals from all disciplines, to train them in the skills of ADR.

**About the Course:**

The ADR methods are used as an alternative to the process of litigation. This process is non adversarial. ADR methods facilitate parties to deal with the disputes in a more cost-effective manner and with increased efficacy. In addition, these processes have the advantage of

providing parties with the opportunity to reduce hostility, regain a sense of control, gain acceptance of the outcome, resolve conflict in a peaceful manner, and achieve a greater sense of justice. The different methods of resolution of disputes like Arbitration, Mediation, Negotiation and others take place usually in private and is more viable, economical, and efficient than the conventional court litigation. The Alternative Dispute Resolution Method has proven to be one the most efficacious mechanisms to resolve commercial disputes of an international nature.

PG Diploma in ADRM, conducted by ILSCA is conducted in hybrid mode – The larger part of the programme consists of self-study where the study material is sent to the student and the student must study and learn on their own. In addition, there will be online classes conducted on the various topics of the course at intervals by experts on topics which are part of the programme.

## Indian Law Society's Centre for Arbitration & Mediation (ILSCA)

*announces*

### Online Certificate Programme in Arbitration: Practice and Procedures

(13<sup>th</sup> October 2022 to 21<sup>st</sup> October 2022)

#### About Us

The Indian Law Society's Centre for Arbitration & Mediation (ILSCA) was established on 3rd December 2016 by the Governing Council of the Indian Law Society. This Centre is established with various purposes in mind:

1. The main purpose of establishing the Centre is to provide facilities for holding ad-hoc arbitration and institutional arbitrations, both in domestic as well as International commercial arbitrations and mediations.
2. The Centre is also established for providing hands on experience to interested participants in learning the process of Arbitration and Mediation through various training programs.

We, at the ILSCA, seek to promote institutional arbitration and institutional mediation. Arbitration and Mediation as modes of dispute settlement, have gained immense popularity in the recent years. This calls for good training in the procedures and nuances of arbitration and Mediation not

only for people in the legal fraternity, but also for people of other professions. ILSCA intends to bridge the gap between theory and practice through online training programmes, in both these areas, which are gaining great importance in the legal profession.

To this effect, we announce the first Online Training Program in Arbitration, Online Certificate Program in Arbitration: Practice and Procedures.

### **About the Programme**

This program aims to provide an outline as to how an arbitration proceeding is conducted and to aid a clear understanding of the law(s) governing arbitration in India. It also aims at making the participants aware of the recent developments in the arbitration law and helps them cope with the changes thus effectuated. # Post Graduate Diploma Course on ADRM - 2022-23

## Announcement of the Post Graduate Diploma in Alternative Dispute Resolution Methods (ADRM)

(Through Distance Learning)

(An autonomous Diploma Course of the Indian Law Society conducted under the aegis of ILSCA)

### About ILSCA

The ILS Centre for Arbitration and Mediation (ILSCA) was established on 3<sup>rd</sup> December 2016 by the Governing Council of the Indian Law Society (ILS). This Centre is established with the sole purpose of providing facilities for ad-hoc and institutional arbitrations and mediations, both in domestic as well as international situations. ILSCA is a first-of-its-kind arbitral institution in India, which has close association with one of the topmost law colleges in the country – ILS Law College, an offspring of a public charitable society the Indian Law Society whose chief purpose is to establish centres to impart quality legal education.

ILSCA is an associated institution of the Indian Law Society set up to support the activities of the ILS Law College and is a neutral, independent, non-profit arbitration and mediation centre, established to facilitate the impartial administration of arbitration and mediation proceedings.

ILSCA also conducts various training programmes and courses in the field of ADR for students and professionals from all disciplines, to train them in the skills of ADR.

### About the Course:

The ADR methods are used as an alternative to the process of litigation. This process is non adversarial. ADR methods facilitate parties to deal with the disputes in a more cost-effective manner and with increased efficacy. In addition, these processes have the advantage of providing parties with the opportunity to reduce hostility, regain a sense of control, gain acceptance of the outcome, resolve conflict in a peaceful manner, and achieve a greater sense of justice. The different methods of resolution of disputes like Arbitration, Mediation, Negotiation and others take place usually in private and is more viable, economical, and efficient than the conventional court litigation. The Alternative Dispute Resolution Method has proven to be one the most efficacious mechanisms to resolve commercial disputes of an international nature.

PG Diploma in ADRM, conducted by ILSCA is conducted in hybrid mode – The larger part of the programme consists of self-study where the study material is sent to the student and the student must study and learn on their own. # Winter School Programme in Alternative Dispute Resolution Mechanisms : Revised Schedule

Indian Law Society's Centre for Arbitration and Mediation, Pune announces Winter School Programme in Alternative Dispute Resolution Mechanisms from **20<sup>th</sup> April 2023 to 28<sup>th</sup> April 2023**.

## About the Institute

The ILS Centre for Arbitration and Mediation (ILSCA) was established on 3rd December 2016 by the Governing Council of the Indian Law Society with the primary aim of providing facilities for ad-hoc and also institutional arbitration and mediation, both in domestic as well as international spheres, alongside conducting training programmes and courses centred around ADR.

To achieve this aim, we have raised a state-of-the-art infrastructure situated in a separate designated building with facilities which help us achieve our commitment to promote a cordial and rational settlement of disputes between parties through arbitration as well as other methods of dispute resolution. Along with the institutional set up, we also provide training through workshops, training programs and courses. These are offered to members of the legal fraternity, students and other professionals who have an interest in arbitration and mediation. We collaborate with other professional institutes, wherever necessary, for accrediting Arbitrators and Mediators.

In a short span since its establishment and active functioning, ILSCA has emerged as a popular venue for the conduct of arbitral and mediation proceedings, as well as a Centre with immense learning opportunities and training programmes.

## About the Winter School

The ILSCA is pleased to announce its first Winter School Programme in Alternative Dispute Resolution Mechanisms. The Programme has been designed to introduce the participants to the world of ADR – Arbitration, Conciliation, Mediation and Negotiation – and provide them with the opportunity to learn from stalwarts in the field, and also meet like-minded individuals during the course of the programme in order to help widen their horizon of understanding ADR.

The school will feature an interactive eight-day programme introducing participants to ADR, related practice development and career opportunities. Young practitioners and graduate students working in the field of dispute resolution will particularly benefit from this programme. The course aims to be the pathway of introduction to the world of ADR, and help participants realise the future of ADR, both in India and globally.
